

COMPETITIONS

INVITATION AND REGISTRATION

Competition invites come by email to skaters whose category is in the competition. The coaches will automatically enter the skaters into the competition. **If you can not make it and you have already received the invite please inform your coach.** Sometimes not everyone will be able to attend because too many people have registered which is why the registration order is always different. The reason for this is that everyone gets the same amount of experience.

TAKING PART AND PAYMENT

The people that are organizing the competition will inform the participants of the competition. The competition confirmation and participant lists will be sent by email to the skaters that are taking part. This email will confirm your participation to the competition. **When you have received the competition confirmation you have to pay the competition payment to the SalPa figure skaters own account 113530-313361.** The payment amount is on the confirmation email and **it must be paid before the competition.**

TRAVELING

Each skater has to organise transport for him- or herself to the competition. The skaters don't have to use on their own car. It is better to put many skaters on the same ride i.e. use a car pool. The coach for the competition will also need a ride from one of the skaters. If the competition is spread out on to two days the skaters have to organise the overnight stay of the coach. SalPa will pay the overnight stay of the coach only.

AT THE COMPETITION RINK

The skater **has to be at the rink at least one hour before their turn** equipped with **a sweat suit, trainers, skates, competition dress and her/his music.** We hope the parents remember that the skaters need privacy to concentrate. The parents are asked to stay in the dressing rooms as little as possible as it tends to get crowded. **All spectators and skaters have to respect other people at the rink.**

Thank you
